### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: prior art of record does not describe or suggest applicant's invention set forth in claims 8-14, a semiconductor device comprising a semiconductor substrate (which forms a source region of a first conduction type), a base region of a second conduction type such that the base region extends perpendicularly from the top surface in the substrate, a drain region extending perpendicularly from the top surface, a gate insulation film and a gate electrode, in the context of the recited device. Similarly, prior art of record does describe or suggest the invention of claims 219-22 wherein a device includes a substrate, base, drift region, drain, gate insulating film, gate electrode and at least on RESURF layer of a second conduction type wherein the RESURF layer extends perpendicularly from the top surface in the drift region such that when a voltage is applied to the gate electrode a channel region is generated in the vicinity of a surface of the base region adjacent to the trench wherein the flow of the channel occurs in the lateral direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Cited Prior Art***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Malhi (U.S. Patent No. 5,723,891) teaches a top drain trench transistor based RESURF structure (title) wherein the gate lies in a trench of the device (column 2, lines 23-44).

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Craig A. Thompson whose telephone number is (571)272-1699. The examiner can normally be reached on Monday-Friday 8:00 am - 4:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Whitehead, Jr. can be reached on (571)272-1702. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
